## PVC APRON

### Protective Workwear

---

## APPLICATIONS

Including but not limited to industries such as:

- Food processing
- Veterinary
- Gardening
- General purpose maintenance

## LIMITATIONS OF USE

- Wearer must complete a risk assessment to determine suitable protection required
- Risk assessment must determine if the garment is suitable for known application/risk
- Inspect and replace garment if colour fading or degradation occurs
- PVC has good low chemical resistance at room temperature for a variety of organics, water, vegetable oils, neutral salts. When working with chemicals, a risk assessment is advised including reference checking the MSDS for recommended protection

## STORAGE & SHELF LIFE

- Store in a dry and clean environment
- Clean with soapy warm water and hang to dry
